

SHERIFF AND TWO DEPUTIES KILLED

SCHUYLER COUNTY OFFICERS SHOT TO DEATH LAST NIGHT

FEELING IS RUNNING HIGH IN BEARDSTOWN

Were Trying to Quell Disturbance Among Greek Section Hands at Frederick—Twenty Eight are Arrested by Beardstown Authorities as They Enter City on Train

(By The Associated Press)

BULLETIN

BEARDSTOWN, Ill., April 29.—At 2 o'clock this (Saturday) morning, Chief of Police Patterson announced there were no outward evidences that Beardstown would have any trouble in guarding the 28 Greeks who are charged with killing Sheriff Lashbrook and two deputies of Schuyler county.

All precautions to prevent any trouble have been taken the chief said.

Chief of Police Patterson said this morning that capture of the Greeks was effected with hardly any show of resistance. Almost one hundred shots must have been fired at Frederick, the chief said.

Sounds of the shooting were heard across the Illinois river in Beardstown, and suspecting trouble, the chief said, he and Policemen Fred Foote, Russell and Smull waited at the station for the incoming Chicago, Burlington & Quincy train, which pulled out of Frederick very shortly after the shooting.

As the Greeks got off the train they were arrested, only four of them attempting to escape thru the waist-deep water. The four were recaptured without difficulty.

Chief Patterson said he had received no instructions regarding disposal of his prisoners but would send them under guard to Rushville by train if Schuyler county authorities directed him.

BULLETIN

FREDERICK, Ill., April 29.—Inquest into the killing of Sheriff Edward Lashbrook and two of his deputies was brought to an abrupt end here early this (Saturday) morning by Coroner Harvey, who announced that further effort would not be made until the bodies of the three dead men were removed to Schuyler county seat at Rushville.

Sheriff Lashbrook and Deputies Frank Utter and Carl Neff were shot and killed while attempting to arrest Greek section hands, who have been accused of nightly depredations and trouble making here.

Coroner Harvey announced he had not stopped the inquest to permit Deputy Sheriff Kelly to search for Greeks whom he believed had escaped. Deputy Sheriff Kelly was with his chief and two other deputies when they were shot. He saved himself by dodging behind the station and from that point declared he saw several Greeks break away and get out of sight.

The inquest will be continued in Rushville at 9 o'clock tomorrow morning the coroner said.

BULLETIN

BEARDSTOWN, Ill., April 29.—Feeling against the 28 Greeks held for the shooting of Sheriff Ed Lashbrook and his two deputies was feared shortly after midnight this morning by Chief of Police Robert Patterson. Guards about the jail were increased as daylight approached. The chief fears that the feeling which caused the expulsion of the Greeks from Beardstown three weeks ago will be remembered against them and will give Beardstown folks a chance for making Schuyler county's case their own.

Busy with their own pleas for maintaining the law and keeping the Greeks until Schuyler county authorities relieved them of the burden, Chief of Police Patterson early this (Saturday) morning had not informed the adjutant general at Springfield.

BULLETIN

RUSHVILLE, Ill., April 29.—Deputies still remaining at the Schuyler county jail received orders this (Saturday) morning to prepare to receive twenty-eight Greeks held for the murder of Sheriff Lashbrook and his two deputies. The Greeks are being held temporarily at the city jail in Beardstown where they were taken for safe-keeping.

BULLETIN

SPRINGFIELD, Ill., April 29.—Adjutant General Carlos E. Black was in Chicago last night attending a meeting of Illinois National Guardsmen. No appeal has been received by his department for aid at Beardstown. In was indicated, however, by Colonel Taylor of the general's staff, that aid would likely be dispatched if Cass or Schuyler county authorities thought it necessary.

BEARDSTOWN, Ill., April 28.—Death of Deputy Sheriff Carl Neff of Schuyler county at midnight tonight brought the list of dead to three and gave added impetus

VICE PREMIER BARTHOLOMEW GOES BACK TO PARIS

Will Make Personal Report on Conference at Genoa

(By The Associated Press)

PARIS, April 28.—Vice Premier Barthou's return from the Genoa conference tomorrow is understood here to be for the purpose of conferring with Premier Poincare on two main issues at the conference, the non-aggression pact, and the French attitude towards Russia.

It was explained in official circles this evening that M. Barthou's return had been foreseen for a week because of difficulties encountered with the premier in making clear his point of view by wire and telephone. It was pointed out that the Italian and Tunisian, the Belgian chief, has made a trip home since the conference opened and that Premier Lloyd George is master of his own delegation.

All the allied delegations therefore have had the advantage of direct contact with their respective chiefs, except the French.

Consequently the return of M. Barthou is regarded as essential, so that the French cabinet can receive a direct report of events at Genoa and instruct its chief delegate.

The instructions sent to M. Barthou after two cabinet meetings yesterday were of the firmest character asking the French delegation to stand out absolutely for unqualified recognition of Russia's pre-war debts.

The instructions further called for Russia's acceptance of the principle of reciprocity in regard to foreign owned property in Russia and the property of Russians abroad, so that the return of property held outside of Russia by Russians would be followed by the return of foreign owned property within Russia.

It is believed that M. Barthou will return to Genoa in time to participate in the preliminary session of the conference called for next Wednesday. It is pointed out that there is no question of Premier Poincare heading the French delegation.

ARRESTED ON CHARGE OF ALLEGED BRIBERY

(By The Associated Press)

CHICAGO, April 28.—The arrest today of Francis J. Mahoney, a member of the Electricians' Union and said to be an employee of the sanitary district, disclosed another attempt to bribe venereal disease inspectors in the labor trial of Simon O'Donnell and others according to Assistant State's Attorney McLaughlin. Mahoney was indicted within a few hours as a result of his alleged offer of 1,000 to Oscar H. Olson who was summoned as a witness in the O'Donnell case. Mahoney's bonds were fixed at \$20,000.

Mahoney claimed the charges against him were a "terrible lie."

HUDSON COMPANY BUYS ESSEX STOCK

DETROIT, Mich., April 28.—The Hudson Motor Company of Detroit shortly will purchase the stock of the Essex Motor Corporation another local concern whose automobiles it now manufactures, according to R. D. Chapin, president of the Hudson company who couples this announcement today with the statement that the capitalization of his concern had increased from \$200,000 shares to 1,200,000 shares, no par value.

IRISH BOND WILL BE PAID SOON

ST. LOUIS, Mo., April 28.—The \$8,000,000 worth of Irish Republic Bonds between \$5,000,000 and \$6,000,000 of which were sold in the United States will be redeemed soon after formal establishment of the Irish Free State as a government, John Forrestal, member of the Dublin municipal council announced today.

VIRGINIA RAPES FINANCE MARRIES

Santa Ana, Calif., April 28.—Henry Lehmann, motion picture producer, was married yesterday to Miss Jocelyn Leigh, former actress. The two motored here from Los Angeles and sought to avoid publicity. Mr. Lehmann was the finance of Miss Virginia Rappe.

SOMEBODY PAGE W. J. BRYAN QUICK

HOUSTON, Texas, April 28.—Bryan Dry from Moonshine Hill, a small postoffice in Harris county, Texas, enlisted in the navy today. Calling at the recruiting office he made known his desire to sail the briny deep and after passing the physical tests was signed.

EXECUTIVE HEADS OF R. R. EMPLOYEES BOLTED MEETING

Refuse to Remain When Public Presents Its Case

(By The Associated Press)

CHICAGO, April 28.—Altho executive heads of the railroad employees bolted from the wage hearing today at which outside organizations were allowed to present evidence on behalf of the public, it failed to stop the presentation of the industrial side of the dispute in which the national industrial traffic league asked the railroad labor board to throw out all controversy and revert the matter back to the employees and the corporations.

The railroad men refused to sit in the hearing when J. L. Libby attempted to introduce the shipper's views. Frank P. Walsh, attorney for the employees presented a protest to the labor board in which he said the employees are not going to be placed in the position of being drawn into another hearing. The employees also presented a brief to the board in which they protested the bringing in of outside parties not interested in the dispute. The whole controversy hinged around whether the board had the right to bring in outside witnesses.

In ruling that the outsiders had a right to interview, not as a party to the dispute but as an outsider, Ben G. Hooper, chairman of the board said "the board holds that these parties cannot intervene here, as parties to the dispute because the statute does not authorize it but the board has the power to hear such evidence if it so desires without obligating itself to do so at other hearings. The board has in this instance not gone out of its way and asked these men to appear here."

Railroad Men Walk Out

The railroad men walked out following the decision. After their withdrawal from the hearing the 15 railroad labor organizations authorized B. M. Jewell, chairman of the railway employees department, American Federation of Labor, to say for them that the refusal to continue in the hearing was a "protest against a long continued procedure by which the board has gradually deprived the employees of their right to have wages fixed as 'just and reasonable' compensation in accordance with the law and natural justice."

Claiming that the board violated an unbroken line of precedence of courts and arbitrators by "receiving testimony of the financial ability of the customers of a railroad to pay," Mr. Jewell's statement continued:

"If a worker was suing in court to obtain reasonable compensation for services performed no judge would permit evidence to be presented of the employers ability to pay."

"Withdrawal of the representative of approximately two million railway employees was the only action which they could take to avoid being made parties to an illegal hearing destructive of their rights in a dispute, limited by law to the carriers and their employees."

ALTON TO ESTABLISH SERVICE SUNDAY

(By The Associated Press)

CHICAGO, April 28.—The Chicago and Alton Railroad company today announced that it would put in operation the first Pullman train ever run regularly in the Mississippi Valley beginning Sunday.

The train will run between Chicago and St. Louis, make no intermediate station stops and there will be no excess fare for Pullman use, it was announced. A stag sleeper for men and a special Pullman for women will be features.

PROTEST WOMEN AT PENNSYLVANIA U.

PHILADELPHIA, April 28.—Protests against the inclusion of female students within the college walls so that to the casual observer the university has "largely lost its quality masculinity and degenerated into a hybrid organization of co-education," is contained in a report of the directors of the alumni to the trustees of the University of Pennsylvania, made public today. The report suggests that funds of the Million Dollar Bennett Foundation be used to create a separate women's college.

Limitation of enrollment also is advocated the report stating that "we oppose the proposition that the University is for the masses."

STERLING ASKS RESPONSE FOR FLOOD SUFFERERS

Lieutenant Governor Sends Check for \$50 With His Letter

(By The Associated Press)

SPRINGFIELD, Ill., April 28.—Response as "prompt and generous" as Illinois gives a cry for help from Europe's "starving and suffering" was urged today in a letter received by the Illinois Food Relief Committee from Lieutenant Governor Fred E. Sterling accompanied by a check for \$50.

"Surely this appeal should meet with a prompt and generous response from all Illinoisians," Lieutenant Governor Sterling said. "Up here in Northern Illinois where the country is high and dry, it is difficult to have the slightest conception of the great damage and suffering which has been inflicted on the central and southern sections of the state by the floods. The humble homes of hundreds upon hundreds of families either have been swept away or ruined, entailing the loss of their savings for a lifetime. When calls have come from far away lands in Europe for aid for the starving and suffering there has invariably been a prompt and generous response. Now there is want and suffering in our home state of Illinois, almost at our very doors. The response should be equally prompt and generous."

GROWERS PLANNING TO MARKET FRUIT CROP OF COUNTRY

National Sales Agency is Formed in Chicago Friday

(By The Associated Press)

CHICAGO, April 28.—The Federated Fruit Growers an organization to co-operatively market the country's fruit crop was formed today. Formation of the national sales agency is the result of the work of the Producers Marketing committee appointed by the American Farm Bureau to develop an improved marketing system for the fruit growers.

A temporary board of directors was named by the committee as follows:

James Nichol, Michigan, president; J. S. Edwards, California, vice-president and acting general; W. B. Armstrong, Washington; Sheridan B. Baker, California; C. E. Durst, Illinois; B. F. Moomaw, Virginia; N. R. Peet, New York, and C. E. Stewart, Florida.

National standardization of fruit grades and a campaign to increase the consumption of all kinds of fruit will be two of the tasks to be undertaken it was stated.

MORSE ACCUSES SHIPPING BOARD

(By The Associated Press)

BATH, Maine, April 28.—Chas. W. Morse, who with other men associated with the United States Steamship company was indicted in New York yesterday on the charge of using the mails to defraud investors, said today that this investigation was made by the same clerks in the shipping board who "investigated us previously."

"The shipping board," he said, "not having the money to pay our companies what is due them and congress having refused to give them any money, they proceeded to attack our concerns, criminally if possible, to intimidate us and to stop our companies from proceeding to enforce their claims in the courts; also to deter many others with similar claims from trying to collect their just dues."

METEOR CAUSES NEGROES TO PRAY

AUGUSTA, April 28.—Superstitious citizens of this section, especially among the negro population spent last night in prayer, following the appearance of a meteor of unusual size and brilliance in the heavens. The intense light was noticeable for several minutes, the celestial visitor being described by some observers as not unlike a large automobile headlight. The meteor also was seen from Athens.

HOUSE PASSES DENISON BILL

WASHINGTON, April 28.—Without a roll call the house today passed and sent to the senate the Denison blue sky bill designed to help the states enforce their own laws against sales of fraudulent securities. The bill would prevent the use of the mails and other agencies of interstate commerce for transporting, promoting or procuring the sale of securities contrary to state laws.

FILLING SECOND PANEL OF JURY PROVE TO BE DIFFICULT TASK

Three Men Have Been Secured But Getting the Fourth One is Slow Work—Look to Get Final Four by Next Tuesday—Attorneys Touch on the Action of Supervisors

(By The Associated Press)

WAUKEGAN, Ill., April 28.—Trial of Governor Len Small, charged with conspiracy to embezzle state funds ended the first week tonight with four jurors selected and sworn and lawyers still trying to fill the second panel. Time and again during the day the eighth man apparently had been found, but just as the prospects looked brightest, one side or the other would exercise a peremptory challenge and the work would start over again. Five peremptories were used today, three by the state and two by the defense. The state has but five left and the defense six.

So far as actual results go the trial is no further along tonight than it was 48 hours ago, but as three of the four men in the second panel have weathered the strain of being passed back and forth time and again as each side tendered its tentative choices there is hope that they may remain and a fourth man be found Monday to be sworn in with them. The lawyers and Judge Edwards still believe the final four can be found by Tuesday night.

The anticipated explosion over the action of the Lake county in passing a resolution demanding an advanced payment from Sangamon county on the costs of the trial came today, but was considerably modified after Judge Edwards urged attorneys for the state to ignore the incident.

State's Attorney Mortimer of Sangamon county insisted on making a statement in open court but after hearing the court's request agreed to confine his remarks to a statement of his position and that of his county.

To the end he expressed his surprise at the Lake county board's action, read the section of law covering payment by one county of court costs incurred in another county and branded the board's resolution as being without a precedent in the legal history of the state. Sangamon county he said, is solvent and will pay its debts at the proper time and in accordance with the law. C. C. Loggeree chief counsel for the defense assured the court that neither he nor any of his associates had anything to do with the board's action or knew that it was to be taken.

Judge Edwards closed the incident by stating that in his judgment the resolution should have been ignored as it was without force or standing and took occasion to compliment the lawyers on the speed with which they were progressing.

Sixteen Jurors Examined

Sixteen jurors were examined today, making a total of 103 who have passed thru the box in five days. When court closed Charles Melville, a railroad employee; Frank Reardon, Steel and Wire Mill Workers, and W. C. Repkow, a substitute postal clerk, had been examined by both sides. They with the four accepted and sworn in last Wednesday and others who have not been examined were locked up for the week-end.

A sensation was created this afternoon when Mr. Repkow in response to the usual question as to whether he had talked to anyone about the case since being called as a juror replied that a man sitting beside him in court yesterday said that he would not vote to convict the governor, if accepted for jury service.

Mr. Repkow was asked to point out the man but replied that the man, an elderly person with white whiskers, was not present today.

Another prospective juror who had talked to others about the case and expressed an opinion (Continued on Page Four.)

Somehow we would be more alarmed about the duplicate bond and securities story if Representative Johnson would cease making so many prophecies about the big sensation that he is about to develop. A man with such a vast fund of secret information would create a greater sensation by soft peddling the whole affair until he was ready to spring the figures, supplemented by the proof.

"Kindness to animals" week is among the latest. There are so many of these especially designated periods that certainly it will be proper soon for somebody to inaugurate a "Give us a rest week."

Allen Property Custodian Miller has submitted an elaborate report to the Senate on \$350,000, 000 of German property in his possession. There is no going to be any undue haste on the part of the Harding administration in returning these seizures. Americans have claims against the German government totaling \$415,000,000, including those where cash was seized by Germany and restitution is now offered on the basis of depreciated exchange, about a third of a cent to the mark, whereas the mark is normally worth 24 cents. Mr. Miller states that if all German property were returned today, most of it would be taken by the German government in the shape of taxes.

According to statistics collected, compiled and issued by the Bankers Trust Company the high-

est per capita taxation among the leading powers of the world is in Great Britain, with France second and the United States third. This compilation is based upon the budgets of the respective nations for the current fiscal year. For purposes of comparison the figures are reduced to a dollar basis at current exchange, and show the following per capita taxation in the countries named: United Kingdom, \$128.90; France \$51.69; United States, \$32.10; Italy, \$13.93; Germany, \$3.48.

THE NOVEMBER ELECTION.

It isn't always an easy matter to elect a Republican ticket in this county in an off year. This year, however, the prospects are excellent and altho election day itself is six months in the future, party harmony and enthusiasm are both in evidence.
State Auditor Andrew Russell in a recent letter not intended for publication voiced his interest when he said: "If the Republicans of Morgan county will put their shoulders to the wheel as they should there is no doubt but that the whole ticket will be elected. I know one thing well, and that is that I am going to do the very best I know how for the Republican ticket from one end to the other."

DIGGING INTO MR. BRYAN'S PAST.

(The Chicago Tribune)
William J. Bryan will be well advised to cancel lecture dates and hurry back to Nebraska. Dr. Henry F. Osborn of the American Museum of Natural History says that a small tooth found in the faunal deposits of Nebraska has established the existence in America of a new type of anthropoid.
Some manlike animal wandered over from Asia, a being in structure intermediate between man and the anthropoid ape. Mr. Bryan may be justly alarmed by this. They are digging in his tracks, seemingly with a malicious plan, and he may find them excavating around Salem and Jacksonville, Ill., with a purpose too manifest to be ignored.

MRS. E. C. LAMBERT RETURNS FROM ARIZONA

Spent Delightful Four Months at Home of Major and Mrs. Tillson in Tucson, Ariz.

Mrs. E. C. Lambert is again at her home in this city after a visit of four months with her son and daughter, Major and Mrs. E. H. Tillson, at Tucson, Ariz. Major and Mrs. Tillson have a family of two sons and two daughters and are pleasantly located in the Arizona city.

Mrs. Lambert in conversation yesterday said that she was greatly impressed with the unusual degree of civic pride which the citizens of Tucson evidence. The city is up to date in every respect, the architecture of many of the buildings being especially attractive. When it is remembered that the city is situated in the midst of a desert and that it is necessary to irrigate, the visitor cannot but marvel at the beautiful gardens and shrubbery which abound there.

The Carnegie library is located in the center of a block and the grounds which surround the building are particularly attractive. It was necessary to bring in great quantities of soil from a distance to secure these beautiful grounds, but the result has been very much worth while.

Mrs. Lambert visited the University of Arizona which is situated in Tucson and was greatly interested in the facilities which are provided for the 2,000 or more students there. There is an outdoor swimming pool, base ball field and tennis courts and every arrangement desirable for outdoor activities. There is a military unit with officers furnished by the government, for students who wish to take up army life.

While in Tucson Mrs. Lambert attended a course of lectures given by Professor Turner on astronomy, a subject in which she has long been interested. She also attended a series of art lectures given by renowned artists from abroad who journeyed to Arizona to paint desert views.

G. L. TINDALL, ELECTED TO HOLCOMB SCHOOL BOARD

A Garden City (Kans.) paper mentioned that Gregg L. Tindall until a few months since a resident of Morgan county, has been elected a director of the board of education in charge of the Holcomb consolidated school. The paper referred to says:

"Mr. Tindall is held in very high esteem by the people of Holcomb on account of his personal characteristics, his interests in the Holcomb school and his willingness to do his part and more in furthering the interests of the community."

The consolidated school of Holcomb takes the place of six one-room rural schools and one three room school. The building cost \$225,000 and cares for a school population of 375 pupils, drawn from an area containing 124 square miles.

The pupils are transported to and from the school in buses, each with a capacity of thirty or forty pupils. The driver in each instance is a teacher, who receives additional pay for this part of his service.

The plant includes a main building, primary building, a residence for members of the faculty, a cottage for the superintendent of grounds and a spacious garage for housing the buses and other cars.

PROF. CLARK HEARD
IN RECITAL LAST NIGHT

Chicago University Professor Read Portion of "Les Miserables" at Woman's College Friday Evening—Informal Reception Afterward.

The students of I. W. C. felt well repaid for their interest in Prof. S. H. Clark's recital last night. Mr. Clark read a cutting from Les Miserables and he brot to the reading his usual scholarly attitude and sympathy of interpretation. Only a person of wide experience and breadth of view could hope to read such a piece of literature and make of it a glimpse of fundamental human relationships. This Prof. Clark did so convincingly that his audience felt as if it had been privileged to meet Jean Valjean and those associated with him in their ever appealing classic.

This afternoon at 3:15 Mr. Clark will read Stephen Phillips' "Ulysses."

At the close of the recital Prof. Clark was the guest of honor at an informal reception given in the expression studio of the college. The guest list included members of the faculty and a limited number of friends of the college.

A VISION of gorgeous beauty! Flashing over the screen to the most sensational triumph of any film artiste in history!

Such is Europe's peerless mistress of emotion, Pola Negri. Such she is as the dazzling "Peacock," sweeping through this poverty drama.

The story of a struggling girl of the slums, caught by fate and flung in the lap of riches and adulation. Then—

The story of her woman's heart, that sacrificed ease and luxury and silently faced disgrace for love.

A picture as brilliant as its name. See it for some new thrills!

Kellogg's SHREDDED KRUMBLES

deliciously flavored WHOLE-WHEAT

When robust health scores!

You can't neglect a child's diet and expect exuberant growth and red-blooded strength any more than you can grow flowers in an infertile garden! Nature won't stand for it! Compare the puny, undersized, warped-brain child with the vivacious, robust types! Realize what proper nourishment means! Science has proved that health and tissue and bone-building elements abound in Kellogg's whole-wheat Krumbles—the most complete, perfectly balanced food that can be eaten! Krumbles—whole-wheat deliciously flavored for the first time in food history—supply the nourishment lacking in denatured, devitalized foods that crowd the home table! Krumbles fortify men and women for the day's work and provide the aged with food that sustains them as nothing else can!

The only whole-wheat food with a delicious flavor!

GENERALS GRANT AND LEE

The following from the Madison, Ind., Courier, has point now because of the 100th anniversary of the birth of General Grant:

We understand there was a discussion in the junior high school this morning as to the generalship of Ulysses S. Grant and Robert E. Lee, and the verdict was in favor of the latter.

High authorities entertain this view, but equally good judges the opposite.

We have no prejudice against Robert E. Lee. Our Virginia ancestors fought under his father in the revolutionary war and our Virginia kinsmen fought under his father in the civil war.

But facts are facts and what are the vital points in the military histories of these two great Americans?

Grant won the great offensive campaigns of the war which broke down the confederacy.

All Lee's victories were defensive battles. Where he essayed the initiative he was signally defeated and after he lost Stonewall Jackson, he never won a great battle.

Gen. George B. McClellan defeated Lee in the West Virginia campaign of 1861.

When Lee invaded Maryland in 1862 he was whipped at Antietam and driven back by McClellan.

When he invaded Pennsylvania he was defeated at Gettysburg by Meade and forced to return to Virginia.

Lee's generalship before Richmond in 1862 was brilliant, but he made a colossal mistake in assaulting the Federals entrenched upon Malvern Hill and seriously weakened his army.

Grant was always taking the initiative, planning a campaign, and hanging on until he was successful.

He electrified the north in 1862 by capturing Fort Donelson and compelling the unconditional surrender of 8,000 confederates.

He refused to be whipped at Shiloh and turned a confederate surprise and victory into a union triumph.

He captured Vicksburg and took 30,000 men prisoners, opening up the Mississippi river to the northern steamboats and fleets, cutting the confederacy in two.

He recaptured the union army at Chattanooga from starvation or capitulation and completely routed the confederate army which had almost destroyed it.

Finally he took hold of General Robert E. Lee and his wonderful army of Northern Virginia and fought him and it to a finish. He never let up for a moment, and by strategy as brilliant as his matchless courage and tenacity, he compelled the surrender of the main army of the confederacy.

Grant captured three of the armies of the enemy, including its largest army. Lee never did more than check the advances of federal armies when commanded by incompetent generals.

Write Grant's victories in one column and Lee's in another. Contrast them. Lee defeated several mediocre northern generals but Grant defeated Lee himself.

Lee's surrender killed the confederate states of America. Grant's capture of Lee and his army saved the United States from dissolution.

In fighting and strategy, Grant was equal to Lee, and in consequences or results Grant out-matched Lee every time.

SCOTT FUNERAL HELD AT FRANKLIN FRIDAY

Remains of Late Mrs. Martha Scott Laid to Rest Friday Morning in Franklin Cemetery—Obituary Facts.

The funeral of the late Mrs. Martha Scott was held at 10 o'clock Friday morning at the Franklin cemetery, the services being conducted by Rev. H. A. Sherman, pastor of the Franklin M. E. church. Music was furnished by a quartet including Mrs. Joseph Williamson, Mrs. Martin Anderson, Luther Wiley and Edgar Eador, with Miss Mae Boulware as accompanist.

The floral offerings were especially beautiful and attested the love and esteem in which the deceased was held in the community. The flowers were cared for by Mrs. Edgar Eador, Mrs. Lester Gray, Mrs. Lester Gray, Mrs. Fred Miller, Mrs. Verne Mulligan and Mrs. Floyd Finch.

The pall bearers were all grandsons of the deceased, Oris, Iven and Lester Gray, Floyd Finch, Fred Miller and Russell Rawlings.

Martha N. Easley was born at the beautiful country home of her parents, Benjamin and Mary N. Easley, near Auburn, Ill., March 28th, 1848, and departed this life April 20th, 1922, aged 74 years and 29 days.

Her girlhood days were spent at her home near Auburn until she was united in marriage to George M. Scott in 1870, when she became a resident of Franklin, to this union were born six children, Pearl, Mrs. S. L. Gotschall, Curtis E. Scott, Flossie, Mrs. J. E. Gray, Lura Mrs. George Callhoun, Maud Mrs. Leslie Leak, Geneva Mrs. A. G. Rawlings, all of whom are living in this community; also one brother, Alex Easley of Los Angeles, Calif., and one sister, Mrs. Henry Scott of Franklin and sixteen grandchildren survive, four having preceded her in death. She leaves one niece, Mrs. Newton Wood, and other relatives with a host of friends who mourn their loss. Mr. Scott died a number of years ago and Mrs. Scott made her home with her daughter, Mrs. Rawlings at the old home place in the south part of Franklin.

She suffered a stroke of paralysis seven weeks ago and gradually failed until death came to her release. She was conscious and expressed her willingness to meet her Redeemer. In her youth she became a member of the Presbyterian church and afterward united with the M. E. church of Franklin of which she was a faithful member as well as a lay member of the Foreign Missionary society and Unity Bible class.

Mrs. Scott was a Christian woman whose life was lived in harmony with her faith and in every way she fully met the duties of wife and mother. Her kindly disposition won the highest esteem of her many friends. She lived a long and useful life devoted to her family and her church.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy," No; how they clear clouded brain and perk up the spirits. 15c and 30c a box.

FILLING SECOND PANEL OF JURY PROVING TO BE DIFFICULT TASK

(Continued from Page One.) since being served with the jury summons was discovered in Charles Johnson, a naturalized citizen, the last man examined before adjournment. He was challenged for cause by the defense after telling of talking to a superior at his place of employment and to other persons about the trial.

With three venires of 100 each practically exhausted in the first five days a fourth list of 75 was ordered summoned for Monday and two additional venires of 100 each drawn from the box and held in readiness if they are needed. Governor Small and his attorneys left Waukegan immediately after adjournment to spend the week-end at Chicago or at their homes.

The governor announced before leaving that a large block of state road bonds which have been sold may be signed at Waukegan next week for delivery to a New York firm which purchased them.

WANT PERMISSION TO TRANSPORT WORK

Riga, Latvia—By A. P.—The United Baltic Shipping Corporation recently petitioned the Latvian government requesting permission to transport Russian emigrants from the United States to Russia and vice versa via Latvian ports. The company undertakes to guarantee that none of the transit passengers will remain in Latvia.

For this purpose, the shipping company plans to erect special camps in Riga or Libau as soon as the concession requested of the government is granted.

SHERIFF AND TWO DEPUTIES KILLED

(Continued from Page One)

to the hastened efforts of Coroner Fred Harvey to have twenty-eight Greek section hands bound over to the grand jury on charges of murder before daylight.

The inquest was under way before six jurors, two hours and a half after the shooting. Sheriff Ed Lashbrook and Deputy Sheriff Frank Utter had been killed instantly, the coroner announced.

Death of Deputy Sheriff Neff occurred in the office of Doctor McElroy, within sight of the Chicago, Burlington & Quincy railroad station where the shooting took place, and within the same building where they hurriedly swore in the jury and conducted its deliberations.

Deputy Sheriff J. M. Kelly who escaped death by dodging behind the station after his chief fell, told the jury the shooting all come from the work train which housed the Greek section hands.

Sheriff Lashbrook, he said, fell first, shot in the chest; Deputy Sheriff Utter dropped immediately afterward, shot in the mouth, and then Deputy Sheriff Neff, who was shot in the back of the head.

All the Greeks twenty-eight in number are under arrest in Beardstown, safely guarded. Four of them attempted to escape thru the flooded streets but were recaptured before they had gotten one hundred feet away.

None of them speak English. Coroner Harvey said they already have a bad reputation in Beardstown, having been run out of this city three weeks ago, when the flood was at its height.

Mayor Perry asked the Chicago, Burlington & Quincy railroad to remove them from the city as their presence was distasteful to the people.

They were removed. The first of this week however they were brought back to Frederick to work on the tracks there.

Feeling High at Frederick. While feeling early this (Saturday) morning is high at Frederick there is little or no evidence of unrest over the shooting in Beardstown.

The Greeks are declared to be safely guarded. They were corralled immediately after the shooting the exact cause of which is still undecided, and heded into the Chicago, Burlington & Quincy train for Beardstown. None of them showed and resistance, one of them was seen to throw a revolver out of the window of the train and four of them attempted to escape by rushing waist deep thru water in Beardstown streets, when the train stopped.

They were re-arrested immediately. Then instead of conveying the twenty-eight under arrest to the jail by boat, the officers ordered them all into the water and herded them waist deep to the jail, not risking the danger of giving them a ride for that distance. They were all checked in at the jail and then herded together in one room.

Taking all precautions possible Cass county authorities have placed guards at the railroad bridge which connects Beardstown and Frederick and have ordered that no one be allowed to pass, suspected of coming as a trouble maker. Local authorities have also doubled the guard around the jail and have sent guards to the Greek section gang in the Beardstown railroad yards.

Sheriff and Deputy Shot. BEARDSTOWN, April 28.—Sheriff Ed Lashbrook of Rushville and Deputy Sheriff Frank Utter, of Frederick, were both shot to death tonight in a battle with Greek section hands near the Frederick depot, four miles north of Beardstown. Deputy Carl Neff was fatally wounded, and died shortly afterward. The shot were fired when the officers attempted to quiet a disturbance among the Greeks who are quartered in cars along the Chicago, Burlington & Quincy tracks at Frederick.

Twenty-eight section hands were arrested aboard a Chicago, Burlington & Quincy train just before the train entered the city tonight. They had boarded the train at Frederick after the shooting. All but three surrendered to the officers. The three were chased thru the flooded streets of Beardstown and were caught. Not risking losing any of the prisoners by conveying them to the city prison in boats the officers marched them waist deep thru the streets of the city.

Sheriff Lashbrook was a popular official and the feeling is high tonight over the shooting. Taking precautionary measures, local authorities tonight placed guards at the railroad bridge the only entrance to the city from Frederick and have placed additional guards about the city jail. Guards also have been dispatched to the Chicago, Burlington & Quincy yards in this city where there are a number of Greek railroad laborers housed in cars.

One Prisoner Throws Gun Away. One of the prisoners taken was Nick Manos, later tonight was identified by James Stark, of Frederick, passenger on the train, as a man he had seen throwing a revolver from the coach window just before the train crossed the bridge into this city.

Manos, when searched was found to have in his possession a holster.

State's Attorney Morning of Rushville, the county seat of Schuyler county is on his way to Beardstown to conduct an investigation of the shooting.

Sheriff Lashbrook and his chief deputy Utter ordinarily are quartered at Rushville, but because of the flooded condition of the river at Frederick they had taken up quarters there to be on hand

Money to Build Your Home
We are pleased to announce to the people of Jacksonville that we have made arrangements to loan money to home and apartment builders from the Metropolitan Life Insurance Company's large fund set aside to help relieve the housing shortage throughout the United States.
In order to distribute the funds as far as practical, amounts up to \$5,000 but no larger are loaned on individual homes. Loans on apartments are in proportion to the size of the apartment.
Two things have prevented many of the substantial people of this city from building their homes—the high cost of building and lack of sufficient funds to finance the house.
However, the situation has changed. The cost of building is down 18 to 25% throughout the country, and the Farrell State Bank now has available ample money for your use according to this plan. Bear in mind that they are long time loans with easy payment conditions but can be liquidated any time after the third year.

DIRECT TELEGRAPH SERVICE TO SWEDEN
Will Be Secured Through Building of High Radio Station on Swedish West Coast.
By Associated Press.
STOCKHOLM.—For the first time in history Sweden and the United States will have direct telegraphic communication through the erection of a high power radio station which is to be constructed immediately on the Swedish west coast. Heretofore all cable or radio communications between the two countries were relayed from London or Paris.
The Riksdag long ago appropriated the initial sum of 2,000,000 kronor, more than \$550,000, to begin the work, but it was not until recently that the Swedish State Telegraph board and the Radio Corporation of America reached a satisfactory agreement, under which the fees for all radio traffic will be divided equally between the two countries.
When the State Telegraphic Board reported to the Swedish government at the previous session in the way of building the station had been removed, contracts bids were called for from the leading radio construction companies of the world. On the basis of offers thus obtained it was calculated that the cost of the new station will not exceed 5,000,000 kronor, about \$1,400,000.
One reason strongly favoring an immediate start of work is the serious unemployment situation in Sweden. It is believed that at least \$1,000,000 will find its way into the pockets of the Swedish jobless who will be engaged in building the station.
The total telegraphic traffic between the North and Central America amounted last year to 1,660,000 words. The head office of the new station will be located in Gothenburg.
During rush hours trains pass through the Charing Cross Station in London at the rate of one every forty seconds.

"Sterling" Do You Know Exactly What it Means?
The word "Sterling" when applied to articles of silver means that they are of SOLID SILVER—925-1000 pure.
It is generally known and understood that there are many articles of SOLID SILVER, but do not know the real meaning of the word "Sterling," and invariably ask, when looking at such an article "Is it solid silver?"
"Sterling" is not merely a figurative adjective to be applied to a man or woman, but is an actual trade name used by manufacturers of silver to designate its absolute pure quality.
An article in silver marked "Sterling" has with it an unsailable guarantee as to its quality, and therefore its durability.
We are showing many of the newer designs in "Sterling" most suited to wedding gifts.

DR. SOMERVILLE HEARD BY LOCAL ROTARIANS

Bloomington Man Made Fine Address of "After Dinner" Type—Great Musical Program.

The program of the Friday luncheon of the Rotary club at the Pacific was so crowded with good things that President Vincent Riley and other officers soon to retire did not have the expected opportunity for making their final reports.

Dr. P. C. Somerville of the department of English at Wesleyan University at Bloomington and here for the Morgan county teachers institute, made an address in which statements about the basic principles of Rotarianism were interspersed with sprightly stories. The entertainment committee

had provided a musical program of exceptional worth. Miss Lenore Kriege of Illinois Woman's college sang a group of songs with Miss Margaret Merker as accompanist. Uriel Gouveia was also a soloist, with Willard Wesnes as accompanist, and a quartet, Messrs. James Guyette, Ben Denny, Maurice Peckham and C. B. Magill sang three selections. Encores were demanded from all these musicians and the Rotarians found the whole program one of the most delightful that they have listened to within the year. Guests of the day included E. F. Holmes of Wichita, Kans., Moe Meyer and Gottlieb Stiefel of this city. Mr. Holmes belongs to the Wichita club which has a membership of 200. President Riley in introducing him made reference to the Wichita quartet he heard at the Edinburgh convention and Mr. Holmes spoke briefly of the work of the quartet and some of the doings of the Wichita club.

Dr. Somerville is past president of the Bloomington club and said that he was particularly glad to meet again with Rotarians, since he had just ended a hospital experience that had kept him away from all such events for more than three months.

The humorous side of this finished speaker's address was concluded when he said that the question each Rotarian must finally answer is why the club exists, and upon the answer given depends the success or failure of the club.

J. F. Andrews was appointed chairman of a committee to secure a special fund for the soldiers memorial planned by local women.

ALEXANDER WOMEN HAD SPECIAL MEETING

Meeting of Ladies of Catholic Church Held at Home of Mrs. B. Ludwig—Other Alexander News.

Alexander, April 28.—The Ladies of the Catholic church held a meeting at the home of Mrs. B. Ludwig Thursday afternoon, when each member present donated \$1 toward the fund which the church has pledged toward furnishing a room at Our Savior's hospital. There was quite a large attendance and a very substantial sum will therefore be added to the fund.

The hostess was assisted in entertaining by the following ladies, Mrs. A. J. Johnson, Mrs. E. O. Ryan, Mrs. Caroline Patterson, Mrs. F. J. Kaiser and Miss Mary Hoffman. Delightful refreshments were served during the afternoon, which was spent in a very pleasant social way.

News Notes.

Rev. Samuel O. Groves of Jacksonville was an Alexander visitor Friday.

The Epworth League of the M. E. church held an ice cream social at the church Thursday evening, the proceeds to go toward the relief of the flood sufferers. Quite a goodly sum was realized for this worthy cause.

F. J. Kaiser was a Jacksonville business visitor Thursday.

Mrs. W. H. Hinrichsen, Miss Annie Hinrichsen and Miss Louise Hinrichsen were Jacksonville visitors Friday.

WOULD SUBSTITUTE RADIOPHONE FOR TEACHERS

CINCINNATI, I.—One of the most novel suggestions for the use of the radiophone is advanced by James G. Fisk, a member of the Cincinnati board of education. Mr. Fisk says that he would substitute the radiophone for teachers. He also declares that he is in earnest about his plan and has requested details from an electrical engineer.

Fisk says further that under his plan each of the 45,000 school children in this city would be furnished with a receiving set and that the lessons would be broadcasted at certain hours of the day from central station. The children he said would go to the school buildings but once a week for further instruction. He declares the plan would entail a saving of hundreds of thousands a year to taxpayers.

FRANKLIN IS CANVASSED FOR FLOOD RELIEF FUND

The campaign to raise funds for flood sufferers is now in progress in Franklin and the solicitors are meeting with satisfactory response. The solicitation work is in charge of L. A. Caldwell and James P. Roberts, and subscriptions now total almost \$100. The funds as received are placed in the Franklin State bank and check for the total amount will be forwarded the early part of the coming week.

The Franklin branch of the Red Cross has made a contribution of \$100 for the relief of flood sufferers.

BOB CONOVER ENROLLED AT CAMP ROOSEVELT

Robert J. Conover, son of Mr. and Mrs. J. N. Conover of Webster avenue, has registered for Camp Roosevelt, the national boys' camp, near LaPorte, Ind. He will enter the junior camp for the first period, which opens July 5. Enrollments are coming in from a wide area for this camp, which is under command of Major F. L. Beals and the auspices of the Chicago board of education.

Enrollments already made indicate that this will be the banner year for the camp. Valuable training is given thru a diversified program along lines of physical education, military instruction, Scoutcraft and education.

LOCAL FIRM IS GIVEN CONTRACT AT FRANKLIN

John Wolke & Sons of this city have been awarded the contract for the remodeling of the Franklin State bank which is to commence within a short time. The improvements contemplated include a brick extension to the rear together with a basement and heating plant. The bank will also add a modern safety deposit vault, the door of which is of massive steel construction weighing more than six tons.

In the front lobby a tile floor will be laid and the space back of the counter will have a composition tile floor. Altogether the bank when completed will be an up to date structure.

SESSION OF DAIL EIREANN WAS ONE OF PEACE FRIDAY

Decide to Remain in Session from Week to Week

(By The Associated Press)

DUBLIN, April 28.—Today's session of the Dail Eireann was unexpectedly quiet. There was evident a desire not to nurse yesterday's personal recriminations and when Arthur Griffith president of the Dail Eireann urged the necessity owing to the grave state of the country of the dail remaining in session from week to week, there was unanimous approval. Later it was decided to adjourn the sessions to next Wednesday.

Mr. Griffith voiced horror at the Dunmaway murders and the Clonmel seizures, but the members of Devalera's party, while associating themselves fully in condemnation of the Cork murderers were reserved regarding the Clonmel incident. Eamonn Devalera in a calm manner followed Mr. Griffith with a plea for avoidance of dissension.

Dr. Patrick McCartan then brought up the proposal of Michael Collins for a point committee of public safety. Mr. Collins and Mr. Griffith did not commend and Mr. Devalera confined his reply to an expression of hope that perhaps by proposals of a third party the peace conference might lead to some agreement. The report of Richard Mulcahy, minister of defense provoked a long debate.

It condemned disturbances and raids due to the dissident section of the army. Mrs. O'Callaghan of Limerick moved rejection of the report on the ground that Mulcahy had not kept his promise to maintain the army as a republican body. Seconding this motion Liam Mellows, secretary of the dissident army council not only his men but delivered an unsparing attack on the headquarters.

ROLLEED STOCKINGS ARE AMONG SUBJECTS

CHICAGO.—Subjects ranging from rolled stockings to can labels were dealt with in talks and papers prepared by students at Harrison Technical high school here in connection with a "Better Design for American" program and exhibit at the school. The purpose, was explained by Wilbert Anderson, one of the pupils, as "to acquaint the community with the fact that design is used in almost everything we do or make" and that "we should all try to improve it and make its progress more rapid."

"Did you ever see anything more outlandish than a girl with a fur coat, spring hat, rolled silk stockings and galoshes? But that's what they wear," said Loren Rockey, who continued, in a talk on "Better Design and Dress."

"Still a little farther, we come to misapplied paint, powder, lipstick and tweezed eyebrows. The young ladies today use some of these, and there are few who use them correctly. It is bad enough for the girls to misapply cosmetics but when the fellows start to tweeze their eyebrows it is time to draw the line."

"Young ladies, ear-rings and ornaments have long been out of style. Back in the cave-man age they flourished, and by the way some of you dress you seem to wish to resurrect those days." The desirability of better designs on can labels was urged in a paper by George W. Holt.

"A grocer in our neighborhood," this pupil wrote, "says that the canned goods which have the better designed labels sell much more rapidly and bring more money to him than those which have poorly designed labels. He explains this in the following manner; a customer comes into the store and wants a can of peaches she looks around and then finally says, 'Give me a can of peaches with that good label. Yes, that's it.' If the manufacturer will wake up and use better designs on his labels his sales will increase at least five percent."

MAINE HERO ASKS FOR PENSION

HAVANA, Cuba.—Carlos Lopez Sene, who recovered the ensign of the battleship Maine from Havana harbor and delivered it to the American Consulate the day following the destruction of the warship in 1898, has applied to the United States government for a pension of that service.

Sene has for years been a sandwich man, familiar on the streets of Havana for his fancy costumes and gaudily painted signs. But the advertising business, he says, has not been profitable of late. His petition for a pension, filed with the American Legation, gives poverty as a reason for the request.

GREAT TREE OF TULE SHOWS SIGNS OF AGE

MEXICO CITY.—The "Great Tree of Tule" in the state of Oaxaca, after some 800 years of recorded existence, is beginning to show signs of wear and tear. This giant cypress, with a trunk so huge that 20 persons with outstretched arms can scarcely span it, is known to have been a fair sized tree when Columbus discovered America, and history recounts that Cortes and his Spanish soldiers slept beneath its branches four centuries ago when enroute to Honduras following their conquest of Mexico.

But although time has dealt kindly with the monarch, the correspondent during a recent visit to the tiny village of Santa Maria de Tule, Oaxaca, noticed that the wrinkles of age are beginning to show. There is no immediate cause for worry, however, that Tule, as the Indians affectionately call the tree, will wither away before the present generation has passed on. And even if it should, Tule has a son some 50 yards away from the parental boughs that is showing healthy signs of maintaining the family honor in the matter of robustness. Hijo (son) as Indians have named it, already is so large that 12 persons are needed to span it and Hijo is only a couple of hundred years old.

The Great Tree of Tule rises about 175 feet, and is said to be one of the largest specimens in the world. The spread of its branches is almost 150 feet. It stands in the courtyard of a tiny church and is the only bid for popular interest made by the village of Santa Maria de Tule, whose population reveres the tree almost as much as one of its saints.

CAUGHT A GOPHER.

Edward German recently caught a Minnesota gopher in the garage at his residence southeast of the city. Mr. German brought the little animal to the Journal office Friday and placed it in the window where it attracted the attention of many passers by. It is unusual to find a gopher of the kind in this locality.

Pauline Horner is spending the week end with her parents at Joy Prairie.

WHITE HALL MUSIC CLUB TO CLOSE SEASON

Will Present Indian Operetta on Tuesday Night—New C. & A. Card Gives Better Sunday Service.

White Hall, April 28.—The annual event closing the season of the White Hall Music Club will be the presentation of the Indian operetta "Seawana" next Tuesday evening in the spacious basement of the Presbyterian church. The three leading characters will be Mrs. Edward Roodhouse as Seawana, Mrs. Peter Roodhouse as Ogineoqua, each having their Neagua and Mrs. E. C. Pearce as friendly following in a chorus that will produce an elaborate spectacle.

Miss Bird Duncan is musical director. The club anticipates replenishing its exchequer for various benevolent purposes, including assisting in the expense of buying material for dental work in the public schools. This will likely prove to be the operative event of the season in local music circles and establish further that opera can be successfully directed by a lady.

New Time Card.

The new time card on the C. & A. makes no change on the line through White Hall of any magnitude, but there is a feature to and from Jacksonville on Sunday the same as during the week. This is the first time that the service to Jacksonville has been made daily. The new card goes into effect Sunday.

Missed Hotel Fire.

Writing from Norfolk, Virginia where he has been conducting negotiations for train dispatchers of the Atlantic Coast Line, W. C. Ehey says he missed the New Willard Hotel fire at Washington for the reason that he could not get accommodations on that date. He expects to be back at Hamlet, N. C., in a few days.

LEGENDRE STARS

AT PENN RELAYS

Philadelphia, April 28.—Robert Legendre of Georgetown University won premier athletic honors today in the opening session of the 28th annual carnival of the University of Pennsylvania when he captured for the third time the intercollegiate pentathlon championship. Overcoming a field of the best all-round athletes of the east Legendre won three of the five events composing the protracted struggle and finished second in a fourth and third in the final.

Legendre's victory was the outstanding feature of an afternoon of track and field sport which brought together individual team performers from leading universities and colleges.

STATE SCHOOL FOR DEAF TEAM TO FULTON

Local Baseball Tossers Play Missouri State School There This Afternoon—Neither Team in Good Shape.

Coach Burns and his baseball squad of the Illinois State school for the Deaf left over the Alton last night at 7:20 o'clock for Fulton, Missouri, where they play the Missouri state school this afternoon.

The local school is not in the best shape as the weather has been so bad but little outdoor practice could be obtained. However the team got some good practice and experience out of the game with Springfield high and should be much better than in that game. It is presumed that the Missouri boys have been experiencing the same kind of weather so probably they will also suffer from lack of practice.

The state school for the Deaf so far has the only "Honest to goodness" baseball team in the city and much interest is being shown in its work this year. An excellent schedule has been arranged and fans should attend the contests as they promise to be first class as the season advances. The Missouri school comes here for a return game May 13. Last year the teams had two hot contests and the ones this year promise to be as warm as there is considerable rivalry between the schools.

MITCHELL WILL PROTEST GIANT WIN

BOSTON, April 28.—Today's game between the Giants and the Braves will be protested to President Hydlar, Manager Mitchell of the Braves announced tonight. He said that in the fifth inning with the score tied 3 to 3, Smith was on third with one out when Bancroft filed out to Cruise in deep right field. After the catch was made he said Smith scored, but Bancroft after passing second and on his way to third stopped and leisurely caught Cruise's throw on the first bound. Mitchell said that although there was no chance of catching Smith at the plate, Bancroft's catch of this relay constituted interference and Smith's run should not have counted.

Umpires Sentelle and Klem said tonight they did not see Bancroft catch the ball.

CARDINALS TO PLAY

ILLINOIS WATCHES.

SPRINGFIELD, Ill., April 28.—Saint Louis Cardinals will play the Illinois Watches here next Tuesday, and the III team at Bloomington, Monday, it was announced today. These open dates for the Cardinals are between the Sunday game at Chicago and the Wednesday game with Cincinnati at St. Louis.

Illinois Watches have won four of six games played with III teams already this season.

HEAVY BUYING

IN WHEAT MARKET

By Associated Press.
CHICAGO, April 28.—Big buy-
ing of wheat for Europe estimated
at as much as 3,000,000 bushels led
to a new upturn today in wheat
prices here. The market closed
unsettled at the same as yester-
day's finish to 1½c higher with
May \$1.42 to \$1.42½ and July
\$1.26 to \$1.26½.

Corn gained 1½c to 2½c.
Oats were unchanged to ½c lower,
and provisions unchanged to ½c lower.
As nearly as could be ascertained
the European purchasing of
wheat included 1,500,000 bushels
Canadian wheat for Greece but
what proportion of the other 500-
000 bushels was United States
wheat and how much was old
wheat or how much was new crop
could only be guessed. Germany
was said to have taken 500,000
bushels of new wheat for August-
September shipment. Unfavorable
trans-Atlantic crop conditions
were mentioned as explaining in a
measure the enlarged European
demand.

Before the news of European
buying became current the wheat
market here had a downward
tendency as to price owing largely
to a pronounced decline of
values at Liverpool where all com-
modities were said to have been
depressed as a result of anxiety
over developments at the econo-
mic conference. At first the fact
that Monday is the first delivery
day on May contracts seemed to
have a bearish influence here but
subsequently cash houses were
buyers and the price of May
tightened up more relatively than
July or September.

Indications of liberal export
business in corn and oats as well
as in wheat gave independent
firmness to corn and oats.

Provisions were dull and aver-
aged lower failing to retain a
slight advance which had resulted
from higher quotations on hogs.

BUTTER MARKET FIRM
Chicago, April 28.—Due to
scarcity of whole milk, the butter
market was very firm. Buyers
had difficulty in supplying the
needs of 92 score, and in some
cases found it necessary to pay a
half cent premium.

Medium and undergrades were
also well cleared up. April con-
tracts for future delivery were
closed today which somewhat less-
ened the demand for fresh con-
centrated. As a result the market
on this was weaker with goods
being offered at considerable con-
cessions. Ninety score sold gen-
erally at 38 cents, also some
sales were also reported as low as
37½ cents.

M. A. TRAYLOR WILL MAKE ADDRESS HERE

CHICAGO BANKER COMING TO
I. C. COMMENCEMENT.

Dr. D. S. Schaff of Pittsburgh will preach Baccalaureate Sermon—President Rammelkamp Announces Appointment of H. H. Caldwell as Faculty Member.

At the chapel exercises at Illinois College Friday morning President Rammelkamp made several important announcements. He announced that the commencement speaker next June will be Melvin A. Traylor, President of the First Trust and Savings Bank of Chicago. On account of the great interest which is being taken at the present time in economic questions, the College authorities were anxious to secure a commencement speaker who is a business man and who might speak with some authority on these vital questions now affecting the welfare of the world.

Mr. Traylor is a young man who has achieved unusual success in the banking world, and, incidentally, is also a speaker of considerable ability. He belongs to the group of self-made men of whom America has produced many fine examples. Born in the mountains of Kentucky, Mr. Traylor never saw a railway train until at the time when as a small boy he took a train south to go to Texas to seek a job. He found work on a ranch but soon graduated from the ranch into a bank. A little later he went into a bank in Fort Worth and still later came to East St. Louis, as Vice President of the National Stock Yard Bank. A little later he went to Chicago and became cashier and president of the Live Stock Exchange National Bank, from which place he went recently to the Presidency of the First Trust and Savings Bank.

Dr. Schaff to Address Seniors
The baccalaureate speaker this spring will be the Reverend David Schley Schaff, D. D. now holding the chair of Church History on the faculty of the Western Theological Seminary at Pittsburgh. Dr. Schaff was pastor of the Westminster Church in Jacksonville about 25 years ago, and during his pastorate here he was very highly regarded not only by his own congregation, but by the people of the city generally. A graduate of Yale University in the class of '73, he has been honored with honorary degrees by Illinois College and the University of Geneva.

Dr. Schaff was a special representative of the Presbyterian General Assembly of the United States to the celebration of the 400th anniversary of John Calvin's birth in Pringle and Geneva in 1509, and to the Pan Presbyterian Council in Aberdeen, Scotland in 1913. The son of a distinguished scholar and author, Dr. David Schaff is himself a scholar of high standing and the author of several volumes and many articles. He has written an autobiography of his distinguished father, Phillip Schaff, a "Life of John Huss," a "History of the Christian Church," etc. Many friends of Dr. Schaff will doubtless be glad to learn that he is to make this visit to the city and campus in June.

New Faculty Appointment
Among the announcements of the morning was also that of the appointment of Henry H. Caldwell as instructor in English in the College, beginning next fall. Mr. Caldwell is himself an Illinois College man, having been graduated in the class of 1917. He participated in leading roles in practically all of the Shakespearean plays given during his student days on the campus. He also represented his College in the Intercollegiate Oratorical Contest. Mr. Caldwell was, in fact, awarded the prize by the first decision of the judges in the oratorical contest in 1916, but after the decision, one of the judges changed his mind. It was an episode which naturally created a good deal of controversy at the time.

Mr. Caldwell was in the service during the war. Rejected by an examining board for the American Army, Mr. Caldwell went to Canada and went into the war as a member of the Canadian forces. After leaving Illinois College, he took a master's degree in English at Columbia University and has been teaching for the past two years in a private school in New York State. The appointment of Mr. Caldwell will make further expansion possible in the English department of the College. New courses in public speaking and debate, journalism, and American literature will be offered.

CHANGE ANNOUNCED IN REVENUE OFFICE

A change has been recently authorized by Collector of Revenue Schwaneb whereby Mrs. Trilby Methven, who has been in the office here, will be transferred to the office in Centralia. Miss Helen Whitmer, who has been at the revenue office in Springfield since her graduation from the Jacksonville high school in 1918, has been transferred to the local office.

Mrs. Methven's home is in southern Illinois and it will be much more accessible from Centralia than from Jacksonville. Mrs. Methven has been known as a capable assistant in the office here and has many Jacksonville friends who regret to know that she is soon to leave to take up the duties of the Centralia position.

SOCIETY

State Street Aid
In All Day Meeting

The regular meeting of State Street Ladies Aid society was held Friday at the church. It was an all day affair and the time was spent in making dressings for Passavant hospital.

At the business session the newly elected president, Mrs. C. A. Johnson presided and a number of members were appointed to serve on various committees. However, none of the committees will be complete until after the next regular meeting, which will be the last of the society year. It was decided to set aside the sum of \$1,000 to go toward the building fund. The date for the annual bazaar was fixed as December 1.

The committee which had charge of serving the luncheon at noon included Mrs. Lucy Davis, chairman; Mrs. William Floreth, Mrs. Thomas Heaton and Mrs. J. K. C. Pierson.

INSTITUTE PROGRAM PRAISED BY TEACHERS

Resolutions Adopted Voice Appreciation of Work of All Instructors—Gerat Address By Dr. Somerville.

The Morgan County Teachers' spring institute came to a close yesterday afternoon with the final address by Dr. Somerville of Illinois Wesleyan. This remarkable address concluded an institute program which the teachers agreed was one of the very best ever known in Morgan county.

Resolutions were adopted by the teachers before adjournment, expressing their appreciation of the program. Friday morning a demonstration of physical training work was given by pupils of Miss Yeck's room in the First Ward. Afterward Harry Stone, a pupil of Miss Hopper, sang a solo and part of the clean up play by junior high school pupils was given under direction of Miss Anne Stevenson. The morning program also included an address by Supt. H. A. Perrin and Dr. Somerville.

In the afternoon the program of events began with a solo by Miss Beulah Tull and a physical training demonstration was given by pupils of Miss Green of the Franklin school. This also included a folk game.

Prof. Felts' address proved of great value and then came the final address.

Recollections of Lowell.
There was an element of uniqueness in Dr. Somerville's address given yesterday morning at the institute, when he spoke upon "The Joy of Daily Living as Exemplified in the Vision of Sir Launfal," for as a child he heard James Russell Lowell lecture upon this, his own poem.

The main feature thought that was brought out was not the splendid element of charity, that is taught in the poem, magnificent as it is, nor the spirit of the brotherhood of man, even tho that is made most manifest, but rather that Lowell had as his object the presentation of a regenerated man and thereby bringing to light that our most cultured poet was far in advance of his age, in that he was announcing to the thinking people of America that it would be the spirit of "social regeneration" that would work for the elevation of the masses and the growth of Christian service.

At the afternoon session upon the election of the high school teachers of the county, Dr. Somerville spoke upon Shakespeare's drama, "The Merchant of Venice—and the Golden Rule." At this hour the instructor told his hearers how he was incited to build this address years ago at the instigation of Senator James E. Watson, who when he was a mere boy told him the story of the drama.

This address brought forth some surprises, especially in the speaker's delineation of Portia and the characterization of her famous address on "Mercy." He made a plea for the Jew Shylock, whom he pointed out, as the personification of 4,000 years of race hatred. A third feature was a parallelism drawn between the famous Venetian trial in the play and the courts of the modern day, where it was brought out that our modern poets are still Pharisaical in principle and often operate under the spirit of old testament Judaism.

In conclusion, a plea was made before the teachers that they would strive to inculcate in the minds of boys and girls the value of the golden rule, that after all, the great object of all education was that boys and girls as men and women, may live greater and bigger lives.

The resolutions adopted were as follows:

The Resolutions.
"We, the Teachers, of Morgan County feel that this Institute has been one of the most instructive as well as interesting, we have ever attended; and we wish to express our appreciation and gratitude to all those who have helped in any way to make it so.

We feel especially indebted to Miss Hardy, Mr. Perrin, Mr. Somerville and Mr. Felts for the inspirational character of their lectures.

"We wish to thank the Board of Education for the use of this building.

"Furthermore, we are grateful to our Superintendent, Mr. Vasconcellos, for the efforts made in securing such worth while talent for these meetings.

"Respectfully submitted,
"THE COMMITTEE."

SUNDAY SCHOOL OFFICIALS MET

Morgan County Officers Held Meeting in Basement of Ayers National Bank Friday—Selected Delegates to State Convention.

At the meeting Friday afternoon of the executive committee of the Morgan County Sunday School association which was held in the basement of Ayers National bank, J. S. Findley and Rev. Walter E. Spoons were chosen as delegates to the State convention, to be held in Galesburg, June 13 to 15.

Following the reading of the minutes of the preceding meeting, reports were heard from Rev. Spoons, who reported for the national department, Mrs. Hopper, who reported for the home and cradle roll department, Mr. Mathis, who reported for the treasury department, and Secretary Findley, who then suggested that the superintendents of the various Sunday schools prepare a special program at their respective schools in observance of "Mothers' Day" on Sunday, May 14, to be advocated holding "Mothers' and Daughters' Banquets" during the ensuing week.

It was agreed upon to have a Y. M. C. A. tent again this year at the chautauqua.

The program committee, consisting of the president, secretary, and Dr. Crum of Waverly, were then instructed to arrange a program for the County Sunday school convention, to be held in September at Waverly.

The following members of the executive committee were present: President Schoolfield, Secretary Findley, Rev. W. E. Spoons, C. L. Mathis, Mrs. Charles Hopper, Mrs. R. R. Stevenson, Arthur Hauck and Wilbur Hauck.

J. M. MILLER RETURNS FROM
IOWA BUSINESS TRIP
J. Marshall Miller returned yesterday from a ten-days' business visit, which took him to Western Iowa. While in that country Mr. Miller was much impressed with the fact that the season seems to be quite unlike that in Illinois. A rain is needed in western Iowa, and planting has been finished for a week or ten days and much of the corn ground is ready for planting.

On his return trip Mr. Miller noticed many Illinois fields where water is still standing.

Mr. and Mrs. Clyde McCallister of Mercedosa were business visitors in town Friday.

HIGH SCHOOL JUNIORS ARE HOSTS TO SENIORS

Annual Junior-Senior Banquet at Central Christian Church Friday Evening Was Interesting Event.

The banquet given by Juniors of the local high school for members of the senior class at Central Christian church Friday evening was attended by more than 200 persons. The dining room was attractively decorated for the event in blue, gold and white. Blue and gold being the Senior colors and blue and white the Junior colors. Yellow daffodils and blue candles were used in great profusion in carrying out the color scheme.

The banquet was served by the Pastoral Helpers of the church and the splendid menu included: first course, fruit cocktail; second course, baked chicken, mashed potatoes, gravy, creamed peas and rolls; third course, tomato salad with wafers; fourth course, ice cream and strawberries, cake and coffee.

At the close of the banquet came a program of toasts, George Weigel serving as toastmaster. Miss Sophronia Kent, the Senior adviser, made an impromptu talk and the remainder of the program was carried out as previously announced.

LAY OUT GROUNDS FOR MORGAN COUNTY FAIR

Preparations Already Under Way Promise Fair Event On Much Larger Scale than Last Year.

A committee of Fair association men composed of President L. A. Reed; Vice President, J. L. Henry; Scott Green, Superintendent of the racing department and Howard Stevenson, superintendent of the swine department spent yesterday afternoon at the Fair Grounds planning the construction work on the race course, grand stand and fences. Sketches and plans were drawn for the location of display tents, stables, concessions and entrances. Scott Green and a force of men have been engaged for the last few days in laying tile, marking and staking off the race course and filling in the low places in the track.

The work in all departments is progressing rapidly and all signs point to a large successful county fair this year. As more room is available in the new location the fair will be staged on a much larger scale than last year.
